If exhibits are furnished, please describe and enumerate.

Provide a plot or site plan drawing which depicts the proposed use and attach additional information which describes the use proposed which includes ALL of the following information: (Section 8.23)

- a. A plot plan, drawn to scale, of the property indicating the total site acreage, landscape and buffer areas, tree preservation, location of all structures, the proposed location of the solar panels, the distances of the solar panels to structures on the property as well as distances to property lines;
- b. The plot plan shall include any roads, electric lines and / or overhead utility lines;
- c. A description of the electrical generating capacity and means of interconnecting with the electrical grid as coordinated and pre-approved with the appurtenant Power District;
- d. A copy of the interconnection agreement with the local electric utility;
- e. Drawings or blueprints of solar panels and arrays in conjunction with the application for a building permit for a solar farm / solar power plant;
- f. Structural engineering analysis for a solar panel, array and its foundation, as applicable;
- g. Manufacturer’s recommended installations, if any; and
- h. Documentation of land ownership and / or legal authority to construct on the property.
- i. A Decommissioning Plan – see page 161 of regulations

The above information is, to the best of my knowledge, true and accurate. It is understood and agreed that any error, misstatement, or misrepresentation of fact, either with or without intention on my part, such as might, if known, cause a refusal of this application, or any alteration or change in plans made without the approval of the zoning Administrator subsequent to the issuance of the zoning permit, shall constitute sufficient grounds for the revocation of such permit. (Please use blue ink for signatures)
